

Memorandum

Date: May 5, 2015

To: Honorable Chairman Jean Monestime
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor

Subject: ATC Medical Transport Corp. Application for Two Non-Emergency Vehicles

Agenda Item No. 8(M)(6)

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the application of ATC Medical Transport Corp. for two (2) Certificates of Public Convenience and Necessity to operate two (2) non-emergency vehicles.

Scope

These Certificates of Public Convenience and Necessity are countywide, allowing the certificate holder to operate in unincorporated and incorporated areas of Miami-Dade County.

Fiscal Impact/Funding Source

Licensing, operating permit, and inspection fees are collected by the Department of Regulatory and Economic Resources to support regulatory activities. There is an annual regulatory fee of \$625.00 per certificate that will yield \$1,250.00 in revenue annually for the new certificates. The County also collects \$38.00 per vehicle inspection with inspection frequency varying with the vehicle age from one (1) to four (4) per year.

Track Record/Monitor

The applicant is a new permit holder and is in compliance with all requirements of the Code of Miami-Dade County. Joe Mora, Division Director within the Department of Regulatory and Economic Resources, will be responsible for monitoring this company.

Background

On December 18, 1980, the Board adopted Ordinance 80-145, later codified in Chapter 4, Article III of the Code of Miami-Dade County, providing for the regulation of non-emergency medical transportation. Section 4-44 of the Code provides the procedures to be followed by the County in processing certificate applications. Based upon those requirements, the Board may issue or refuse to issue the certificate as applied for, or may issue the certificate with modifications or upon such terms and conditions as in its judgment the public interest may require. In reaching a determination, the Board shall consider the application, the Mayor's recommendation, all matters presented during the public hearing, and among others, the following criteria:

- (1) The ability of the applicant to provide the proposed service;
- (2) The adequacy of the management plan of the applicant; and
- (3) The benefits that will accrue to the public interest from the proposed service.

ATC Medical Transport Corp., located at 1250 SW 27 Avenue, #307, Miami, Florida 33135, seeks to obtain two (2) Certificates of Public Convenience and Necessity to provide combination wheelchair and stretcher non-emergency medical transportation service to individuals requiring this type of transportation.

The applicant seeks to transport patients to and from various medical facilities throughout Miami-Dade County seven (7) days a week, 24 hours a day. Non-emergency transportation rates are not regulated by Miami-Dade County. However, under the Code the Certificate Holder must file their rates with the Department of Regulatory and Economic Resources and post them within the passenger compartment section of each vehicle. The proposed rates are \$25.00 per pick up, one way, and \$1.25 per mile after ten (10) miles for wheelchair service; and \$45.00 per pick up, one way, and \$1.25 per mile after ten miles for stretcher service. The vehicles operated under these certificates will be required to meet the requirements of Section 4-49 of the Code establishing vehicle inspection frequencies.

The management plan submitted by Ms. Ivania Arquez, President of ATC Medical Transport Corp., includes maintenance, communication, and recordkeeping systems, and meets the requirements of the Code. All required financial statements and credit references have been submitted. The proposed service standards meet all requirements of the Code and adequately meet transportation and comfort needs. A background investigation reveals no criminal record within the last five (5) years for the officer(s) of the corporation.

The proposed services to be provided under this certificate will increase the availability of licensed non-emergency medical transportation in Miami-Dade County, thus providing increased competition and high service standards to the public.
